

2026 ACE-WIL x CACEE Conference

# Reimagining the Future

OF WORK-INTEGRATED LEARNING AND CAREERS

## 2026 ACE-WIL x CACEE Conference Sponsorship Package

The 2026 ACE-WIL & CACEE Joint Conference will be hosted at Thompson Rivers University (TRU) in Kamloops, British Columbia, from May 24–27, 2026.

# Conference Overview & Theme

The 2026 ACE-WIL & CACEE Joint Conference will be hosted at Thompson Rivers University (TRU) in Kamloops, British Columbia, from May 24–27, 2026.

We are honoured to host this conference on the traditional and unceded territory of the Tk'emlúps te Secwépemc, within Secwépemc'ulucw, the traditional lands of the Secwépemc people.

This joint event brings together 150+ delegates from the provincial community of ACE-WIL BC/Yukon and the national network of the Canadian Association of Career Educators and Employers (CACEE) for a conference experience full of learning, collaboration, and connection.

The conference theme is “Reimagining the Future of Work-Integrated Learning and Careers”. This theme highlights how disruption - whether technological, societal, or economic - can drive innovation in WIL, campus recruitment, and career development.

Our conference program will feature leading-edge sessions that explore how experiential learning, employers, and career services can evolve, adapt, and thrive in times of change.

## Who Will Be There?

The conference is designed for those who lead, deliver, and support experiential learning, career readiness, and recruitment initiatives - including:

**Career Educators & Advisors** – supporting student skill development, career planning, employer relations, and transition to work.

**Faculty & Instructors** – integrating experiential learning, reflection, and assessment into curriculum.

**Employer & Industry Partners** – building meaningful student skill development and work experiences, recruitment pathways, and partnerships.

**Community Organizations & Nonprofits** – engaging in WIL and community-based experiential learning opportunities.

**Researchers, Students & Emerging Professionals** – interested in innovative approaches to career development, early talent recruitment and WIL design.

**Post-Secondary Leaders & Policymakers** – advancing institutional strategies and policies that strengthen WIL and campus career ecosystems.

## Reimagining the Future

OF WORK-INTEGRATED LEARNING AND CAREERS

# Why Partner With Us?

This premier event offers a wonderful opportunity to build connections and your brand among post-secondary partners, employers from a wide range of sectors, as well as innovators and thought leaders in career development, work-integrated learning, HR, early talent, and campus recruitment.

This package outlines a variety of partnership and à la carte opportunities to engage with attendees and foster broader brand awareness across our professional communities - empowering you to select an option that best aligns with your goals and budget.

If you're interested in tailoring an existing package or working with us to create a customized sponsorship bundle for your organization, please reach out
